

Live Training Services

Linxx Global Solutions

Linxx Global Solutions, Inc. (Linxx), a service-disabled veteran-owned business until the spring of 2015, has offices across the United States. Our growing business operations are managed from our corporate headquarters in Virginia Beach, Virginia. Over the last 9 years, Linxx has offered a wide range of educational, training, professional, and program management services around the world. We support all branches of the Department of Defense (DoD), the Department of State, the intelligence community, U.S. Department of Homeland Security, and other federal, state, and local agencies.

Training Services

Linxx currently provides Live tactical training to the U.S. Special Operations Command (USSOCOM), Joint Special Operations Command (JSOC), all components of the Navy Expeditionary Combat Command (NECC), and other military organizations, as well as federal agencies. Linxx curriculum developers and instructors work from the commander's intent and mission statement to ensure the final training result meets all requirements. We deliver Live training services to allied personnel as required and authorized in support of U.S. Government contracts. When teaching allied students, we take into account cultural and language barriers that may impact the learning process. We also can train the trainer to allow transfer of leadership and training management responsibility over time.

Live Training Services

Linxx trains approximately 9,000 students a year. Examples of Live instructor led (ILT) training courses we have designed and delivered include the following:

- Basic, Intermediate, and Advanced Tactical Movement
- Basic, Intermediate, and Advanced Small Arms Training
- Maritime Tactical Movement
- Small-unit Tactics
- Basic, Intermediate, and Advanced On-road and Off-road Driving
- Motorcade and Convoy Tactics
- Urban Patrolling and Urban Tactics
- Countersurveillance
- Combatives Instruction
- Non-lethal and less than lethal technology.

Summary

Linxx Global Solutions, Inc. (Linxx), is a mid-sized employee owned (ESOP) company with contract support offices operating in 11 U.S. locations across the United States. Since 2006, Linxx has offered a wide range of program management, educational, training, and security services to satisfied customers around the world. Linxx supports all branches of the Department of Defense (DoD); the National Aeronautics and Space Administration (NASA); the Department of Homeland Security (DHS); the intelligence community; and other federal, state, and local agencies.
